

Technician Profiles

Technician Profile #BHM5022

An information systems specialist with more than ten years experience in the automobile and service industries.

Certifications and ERP Training

Microsoft Certified Systems Engineer (Windows 2000)

Cisco Certified Network Associate (Version 3.0)

CompTIA A+

SAP 50 Basis Technology

Cisco Equipment (Certified)

Microsoft Windows (Certified)

Training Profile

Cisco Router Basics

Cisco Design Basics

TCPIP Fundamentals

Oracle PL/SQL

Oracle WebDB

MS SQL

Enterprise Network Management Systems

IBM Tivoli Netview

Novell Managewise

MS Update Server

LAN Management Tools

Network General and Sniffer Pro

Fluke Networks LAN Meter

Novell Lanalyzer

Ethereal Analyzer

LAN / WAN Hardware

Cisco Router, Switch, and Access Points

Sonic Wall Firewall Network Appliance

Linksys , Net Gear Switches

3Com Hubs and Switches

Protocols and Technologies

TCP/IP, NBT, IPX

T1, ISDN

Ethernet / Token Ring Networks, Peer to Peer topologies

802.11 A/B/G Wireless

Network / Server Operating Systems

Windows NT / 2000 /2003 Server
Novell Netware 4, Linux
Windows NT / 2000 /2003 Server

Security Technologies

FreeRaduis
BansGaurdian
DMZ and Extranet implementation

Web Technologies

Basic Microsoft IIS Web Server
Apache 1.3 - 2.0
Microsoft ISA Proxy / Filter
Basic HTML
MySQL

Desktop Systems

Windows 2000 / XP
Windows NT 4.0
Windows 95/98
Linux RedHat

Technician Profile #BHM5244

Specialist in developing business solutions that provide seamless, reliable, efficient connectivity for clients on a local to global scale.

Certifications and ERP Training

-CNA / CNE 4 since 1995
-Siecor TR77+ Fiber Optics Certification
-SAP 20 Basis Technology

Training Profile

CheckPoint NG / NGX Firewall
TCPIP Advanced Trouble Shooting
LeCroy NewsLine Network Analyzer

Enterprise Network Management Systems

CiscoWorks
Cisco Wireless LAN Solution
IBM Tivoli Netview
3Com Transcend
Novell Managewise
Multi-Router Traffic Grapher MRTG

LAN Management Tools

AirMagnet Wireless
Network General Sniffer and Sniffer Pro
Fluke Networks Optiview
OFL-100 OTDR Noyes Fiber Systems
Novell Lanalyzer
LeCroy Remote Analysis System
Ethereal Analyzer

LAN / WAN Hardware

Cisco Router, Switch, and Access Points

Nokia / Check Point Firewall Network Appliance

Cisco, Symantec, Linksys VPN Solutions

Cabletron / 3Com Hubs and Switches

IBM 8260 / 8250 Hub Setup and Support

Network / Server Operating Systems

Windows NT / 2000 /2003 Server

Novell Netware 4 and 5

Windows NT / 2000 /2003 Server

AIX 4.1 4.3

Security Technologies

Checkpoint Firewall 1 (NG – NGX)

Cisco Authentication Control System (ACS)

SurfControl Web Filter

DMZ and Extranet implementation

Protocols and Technologies

TCP/IP, NBT, IPX, XNS

T1, Frame Relay, and other Dedicated WAN technologies

Ethernet / Token Ring Networks, Peer to Peer topologies

802.11 A/B/G Wireless

Web Technologies

Microsoft IIS Web Server

Apache 1.3 - 2.0

Microsoft ISA Proxy / Filter

Basic HTML and Perl CGI scripting

Desktop Systems

Windows 2000 / XP

Windows NT 4.0

Windows 95/98

Technician Profile #BHM5124

A desktop solutions specialist with 8 years experience.

Certifications and ERP Training

Microsoft SQL

Enterprise Network Management Systems

IBM Tivoli Netview

MS Update Server

LAN / WAN Hardware

D-Link, Linksys , Net Gear Switches

3Com Hubs and Switches

Training Profile
